

CONSENT FORM

for participation in the scientific research study: *SignON Use Case Recordings*]

[Consent will be given online via the SignON recording app. Date of consent will be added by the app]

Statement of participant

The aim of the research study has been outlined to me.

I participate voluntarily in the research study.

I understand that I can stop at any point during the recordings, should I wish to do so.

I understand how the data of the research study will be stored and how they will be used.

I give permission to collect my hearing status, gender and age group.

I give permission to archive the video recordings of my sign language AND/OR the audio recordings of my speech for this research.

I am aware that these recordings cannot be made fully anonymous.

I give permission to share the recordings, the translations, and the data about my hearing status, gender and age group with partners in the SignON project.

I also give permission that this data will be made available in an academic database for other sign language or speech researchers after the end of the SignON project.
